

SUNSET CHRONICLE FILM

PICTURES IN MOTION at Sunset, Featured in **Chronicle**, an award winning Presentation Short Documentary Film.

In the last two months of 2017 the Sunset AMMPT working Bee team was approached by film and TV camera Students from Perth Central TAFE to make a short film about our operation. They were very impressed with our marvellous collection of vintage and antique equipment and in talking to a few of us they were convinced we could be a very good subject about which to make a film.

The shoots for 'Chronicle' were arranged over at least two sessions and under their team leader, James Murphy, all the necessary vision and interviews were captured. Remembering that the filmmaking team were doing this as part of their Central TAFE film making course requirements, some of this material from the shoots was submitted for their annual assessment. After that James, believing that the material had quality documentary film potential, pursued the editing with view to producing something that could be presented on the big screen. The material was worked on over the whole of 2018 and was finally ready for submission in early 2019 As of May this year, James was pleased to inform us that his documentary had been given the approval of the prestigious Revelations Film Festival and would be premiered on the big screen as part of this year's Film Festival. James, his team and the Central TAFE Film Making lecturers are to be congratulated for their parts in this success story.

Chronicle is screening with a feature documentary named The Eyes of Orson Welles on 3 dates in July: SAT 6th, 4.10PM at SX Cinema, SAT 13th, 4.10PM at LUNA Cinema and on TUE 16th, 6.30PM, at LUNA Cinema.

REPUBLICANS OR MONARCHISTS ?

The behaviour of cinema audiences seems to have changed over the years. Recently "Classics of the Silver Screen" coordinator Roy Mudge has been including God Save The Queen before the show. The only person seen standing was John Fuhrmann, caught standing to attention in the aisle after the pre- show organ music.

IN FOCUS PRESENTATION

The next In Focus Presentation will be JOHN BELL A YOUNG WESTERN AUSTRALIAN INVENTOR by Richard Rennie.

John Bell built WA's first disc recording apparatus in 1930. He also manufactured and sold Belmont radios in 1930-31. In 1932 Bell demonstrated to the University of Western Australia's Science Society a television system (camera and receiver) of his own invention. Hear his story and see a demonstration of a working model of Bell's 1932 television invention.

Invite your friends to this free event at the Fred Bell RSL Hall in Fred Bell Parade, St. James on the **19th June at 7.30pm**. Free nibbles and refreshments are available before the presentation.

**CLASSICS OF THE SILVER SCREEN
JUNE 24TH – 10.00am
GRAND CYGNET CINEMA
PRESTON STREET COMO.**

The next Classics of the Silver Screen will be the 1943 Warner Brothers musical “THANK YOUR LUCKY STARS”. The film stars Eddie Cantor, Dennis Morgan, Joan Leslie and Dinah Shore. The film also features most of the stars at Warner Bros. in specialty number ‘The stars come out to play’ in the joyous World War 2 era movie. A breezy behind the Hollywood scenes story about young talents hoping for a big break glitters with specialty numbers featuring Golden Era greats. Bogie clowns, Bette sings, Errol dances and everyone has a wonderful time!

**** IMPORTANT REMINDER ****

AMMPT WESTERN REGION (INC) Membership renewals are now due.
